

Materiali: il nostro vero fiore all'occhiello

Vetro e legno sono i protagonisti di un design in continua evoluzione per soddisfare le esigenze del vivere quotidiano. Un'accurata selezione di materie prime, trasformate in elementi di stile con tecniche di lavorazione all'avanguardia, consente la realizzazione di porte e pareti scorrevoli personalizzabili in ogni dettaglio.

MATERIALS: OUR FEATHER IN THE CAP

Glass and wood are the protagonists of a design that is constantly evolving to meet the needs of contemporary living. A careful selection of premium materials transformed into stylish elements with state-of-the-art processing techniques enables the creation of doors and sliding partitions that can be tailored in every detail.

Tre collezioni, infinite possibilità

Tre stili differenti, pensati per adattarsi ad ogni situazione con la massima flessibilità. Le nostre collezioni sono state concepite in modo da essere declinabili in tutte le tipologie di apertura e perfettamente integrabili all'interno del vostro ambiente, rispettando sempre l'identità del contesto stilistico.

THREE COLLECTIONS, ENDLESS POSSIBILITIES Three distinct styles conceived to adapt to any situation with the utmost flexibility. Our collections are designed to be applied to all types of openings and to be flawlessly integrated within your environment, pairing perfectly with every style.

Soluzioni e partizioni a progetto ideate insieme a voi

Realizziamo strutture a progetto configurabili e personalizzabili in ogni minimo dettaglio, disegnate per aumentare la vivibilità ed il comfort degli spazi in cui andranno a collocarsi e incontrare lo stile di chi le vivrà nel quotidiano. La libertà creativa si esprime per dar forma a soluzioni divisorie "cucite su misura" che rispondono ai più alti canoni di tecnica ed estetica.

CUSTOM SOLUTIONS AND PARTITIONS DESIGNED TOGETHER WITH YOU

We manufacture made-to-order structures that can be configured and customized in every way, enabling us to increase the livability and comfort of your spaces and meet the stylistic tastes of those who will use them everyday. The creative freedom we offer paves the way for tailor-made partition solutions that meet the highest standards of technique and aesthetics.

Decorazioni esclusive in "Vetro Liquido"

Tratti tridimensionali sulla superficie del vetro offrono una nuova esperienza visiva e tattile. Una tecnica decorativa proprietaria ed innovativa che dona matericità al vetro, capace di mettere in risalto la luce o generare un effetto schermante. I decori in "Vetro Liquido" sono disponibili in versione trasparente o nera coprente.

EXCLUSIVE "VETRO LIQUIDO" DECORATIONS Three-dimensional designs on the surface of the glass offer a new visual and tactile experience. An exclusive and innovative decorative technique capable of enhancing the glass itself, it can both accentuate and dim the light that shines through it. "Vetro Liquido" designs are available in either clear transparent or opaque black colors.

Finiture innovative con un'anima calda in legno massello

Le finiture della collezione Factory sono divise in serie, ognuna con un impatto visivo caratterizzante. I profili utilizzati sono in legno massello di tiglio, per garantire massime prestazioni e stabilità nel tempo.

INNOVATIVE FINISHES WITH A WARM SOLID WOOD CORE The finishes in the Factory collection are divided into series, each with distinctive visual effect. The trims used are solid linden wood to ensure maximum performance and stability over time.

Oltre le porte

La versatilità della collezione Factory trova massima espressione nella varietà delle possibili applicazioni, superando il concetto di semplice apertura. Lo spazio viene plasmato per creare vere e proprie stanze, spazi di lavoro, cabine armadio o, semplicemente, elementi decorativi capaci di generare diverse atmosfere in un unico ambiente.

BEYOND DOORS

The versatility of the Factory collection is found in the variety of possible applications, going beyond the simple concept of opening. Space is then shaped to create actual rooms, workspaces, walk-in closets or simply decorative elements capable of generating different atmospheres into a single room.
