# Inser Tess to Linum

LINUM BIANCO

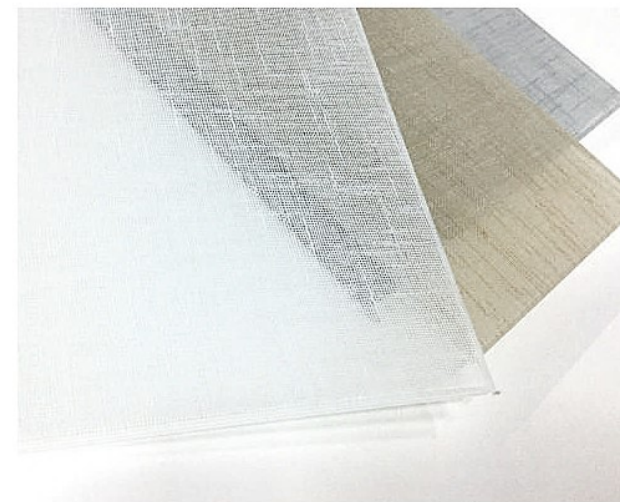

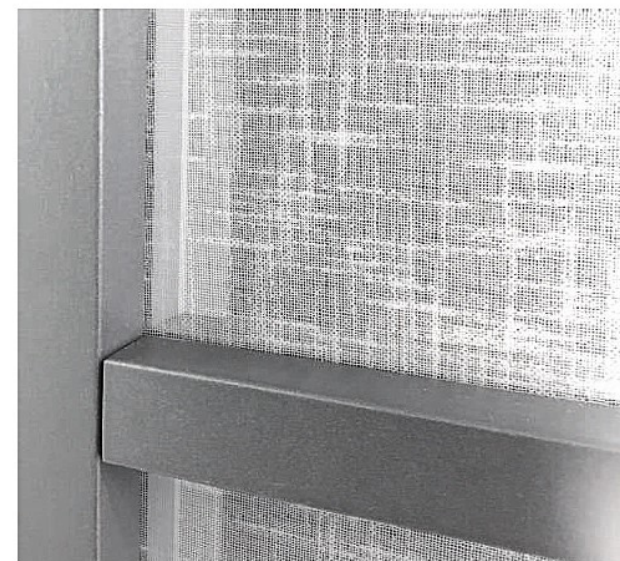

LINUM GRIGIO

LINO TAFET NERO

LINUM MELANGE TORTORA

Il tessuto viene stratificato sottovuoto. La luce degli ambienti, influenza e varia i colori e le trasparenze.

# Tessuti stratificati tra due vetri

Fra due vetri viene stratificato il tessuto, ottenendo un vetro elegante che arreda senza necessità di utilizzare una tenda che necessiterebbe lavaggi e stiro.

## Misure:

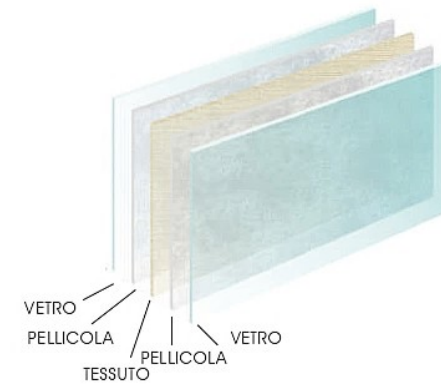

Si possono ottenere vetri di piccole e grandi misure e vari spessori previa consulenza del nostro staff tecnico.

## Manutenzione:

Usare un panno morbido e non abrasivo con acqua. Non usare detersivi. Facile manutenzione.

Vetro stratificato con tessuto fra 2 vetri.

# Cristalli originali Swarovski

VETRO TRASPARENTE  
o SATINATO

retro

VETRO BRONZO  
satinato o trasparente

retro

VETRO BIANCO LATTE

retro

VETRO NERO COPRENTE

retro

SS34 = 7mm

SS20 = 4,8mm

Ogni cristallo applicato a mano, uno ad uno.  
Una vetrata con cristalli Swarovski da considerarsi  
un prezioso gioiello. La decorazione può essere  
bifacciale o solo da un lato.

## Misure:

I decori a catalogo sono proporzionati per vetri  
55x160. Il decoro viene adattato in base alla misura  
richiesta (ingrandito, rimpicciolito, modificato).  
Il numero di Swarovski cambia in base alla misura  
del vetro.

## I cristalli Swarovski possono essere incollati su:

### Vetri Trasparenti e Satinati

**Lato A:** gli Swarovski sono a rilievo, molto brillanti.

**Lato B:** si vede nettamente il retro del cristallo tondo  
colore grigio.

### Vetri stratificati Bianco-Latte, Ice, Opal, Bronzo, Grigio

**Lato A:** gli Swarovski sono a rilievo, molto brillanti.

**Lato B:** il retro del cristallo si vede sfuocato. Si  
intravede la sagoma tonda del cristallo di colore  
grigio più o meno scuro in base al colore del vetro.

### Specchi – Lato specchiato

Gli Swarovski sono a rilievo molto brillanti.

## Manutenzione:

La cura è la stessa di un gioiello o di un abito  
tempestate di Swarovski. Non strofinare. Non utilizzare  
panni abrasivi e detersivi. Spolverare delicatamente.  
Non insistere con la pulizia.

## Personalizzazioni:

Oltre alla Home Collection, è possibile realizzare  
decori su richiesta o ricamare un testo o delle iniziali  
a scelta.

# Decori Sabbiati

Incidiamo ogni tipo di superficie con un getto di sabbia, il risultato ottenuto è un tono su tono, poroso al tatto.

## Misure:

I disegni a catalogo sono proporzionati per vetri 55x160. Il decoro viene adattato in base alla misura richiesta (ingrandito, rimpicciolito, modificato). Misura massima sabbiatura: 156 cm x quanto si vuole.

## I decori possono essere realizzati su:

### Vetri di ogni spessore e colore

I decori possono essere eseguiti su vetri trasparenti, satinati, stratificati, laccati, riflettenti, ecc. L'effetto della sabbiatura resta sempre biancastro ma riflette sempre il colore del supporto con un effetto tono su tono. Sabbiando i due lati del vetro (esempio Felci Tridi) si crea un gradevole effetto tridimensionale.

### Specchi - Lato specchiato

Il decoro sabbiato è ben visibile di colore bianco leggermente poroso.

### Porte di legno o in laminato

Si possono decorare anche le porte di legno creando un effetto tono su tono raffinato e discreto. Per poter sabbiare le porte, queste devono essere prima visionate dallo Staff Tecnico interno.

## Manutenzione:

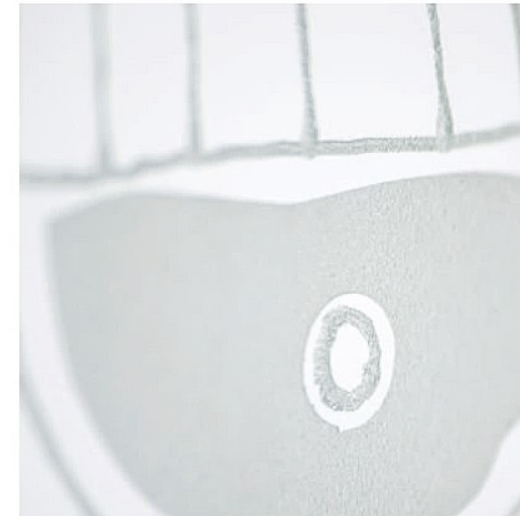

Usare un panno morbido e non abrasivo con acqua. Non usare detersivi. Facile manutenzione.

## Personalizzazione:

Oltre ai decori a catalogo è possibile creare disegni su richiesta.
